

Oulton Broad Night Walk 30th October

Challenges

Category	Description
1) Long exposure	An image where the shutter has been open for 3 seconds or longer. You'll need to steady your camera for this.
2) Artificial Light	An image containing a man-made light source. E.g. a street light, shop sign, car headlights etc Watch your exposure settings !
3) Reflection	An image with a reflection from the broad, or a puddle. You can make your own from a water-bottle.
