

Sainsbury Centre Walk 10<sup>th</sup> Apr 2026

# Challenges

Category	Description
1) “Intimate” Museum Exhibit	Please capture PART of any exhibit found within museum with an interesting feature, such as its texture, shape or colour. Try for something obscure to make the viewer guess what it is part of.
2) Architecture / Sculpture	A shot showing any part of building architecture, or a sculpture. This includes the UEA buildings, as well as the museum. You can zoom in for a close-up, or capture the whole thing in a wider-angle shot.
3) People at play	An image showing people enjoying the museum or its grounds. Why not try a long distance “candid” shot where the subject is behaving naturally ? NB - Please be careful when taking photos of children !!
