

Photo Walk
Thursday 3rd September 2026

Norwich Cathedral Close

meeting at the usual time of 11am,
by the Cathedral Main Entrance

Cathedral Close Photo Challenge Sheet

This challenge sheet is designed to help photographers explore the diverse lighting conditions and architectural features of Norwich Cathedral Close. Participants can **submit up to five images** that best capture the themes outlined below.

Challenge Categories

1. Soft Light - Capture the gentle, diffused light found in shaded areas or cloisters. Look for even illumination and subtle textures.

2. Hard Light - Photograph scenes with strong, direct sunlight that creates sharp shadows and high contrast. Ideal for graphic compositions.

3. Side Light - Use angled light to highlight textures and depth. Cloister corridors and long walls are perfect for this category.

4. Backlight - Experiment with shooting towards the light source to create silhouettes, rim-light, or atmospheric effects.

5. Architectural Details - Focus on the intricate stonework, arches, and carvings that define the Cathedral Close.

6. Shapes and Patterns - Find repeating shapes, lines, and patterns in the architecture or natural surroundings.

7. People in the Close - Capture candid or posed shots of people interacting with the space, emphasizing scale and atmosphere.

8. Seasonal Atmosphere - Showcase how the Close changes with the seasons - whether it's lush greenery, autumn leaves, or winter light.

Submission Guidelines -- Submit up to five images. Ensure each image corresponds to one of the categories above.
